

LED Track Light ESSEN mini Datasheet

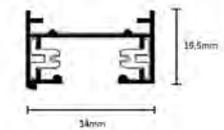

Number of heads	1
Mounting	Track or surface mounting
Lamps description	GU10 socket
Voltage (V)	220-240
Environment	Indoor
Notes	LED Light ESSEN mini is designed with a modern and an efficient look.

OPTICAL

Reflector finish	Aluminum
Aiming	Adjustable 90° and on track also 350°
Light distribution symmetry	Symmetric
Beam angle	According to GU10 bulb
Color temperature	According to GU10 bulb

LED light to be installed on 1-phase
2 wire track or on surface.

ELECTRICAL

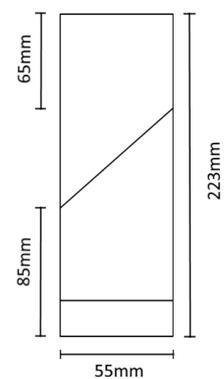

Wattage	According to GU10 bulb
Frequency	50-60 HZ
Voltage	220-240 V

● Black ● White

PHYSICAL

Spot diameter (mm)	Ø 45
Construction material	Aluminium
Weight (kg)	0,8
Working temperature	0 to +40 °C
Warranty	3 years from purchase date

Dimensions: Ø55 x 223mm
