Eiva Snake Elegant, portable outdoor lamp, 5 m textile cable, IP65 waterproof lamp holder and plug

Finish: White

Light bulb: Without bulb

Description

Snake is the Creative Cables solution that allows you to bring light wherever you want, now also in your outdoor spaces!

Eiva Snake Elegant is made with the components of our Eiva System: high quality components with IP65 protection rating, water and rain resistant, entirely designed, engineered and patented by Creative-Cables.

Eiva Snake Elegant is an outdoor hanging lamp that, thanks to its 5-metre cable, lends itself easily to various uses: rolled around a tree branch or placed on a pergola or terrace. The design of this outdoor lamp is completed by the Eiva soft touch silicone lamp holder covers from the Elegant Line, available in different finishes.

Eiva Snake Elagant is ready to be installed: just plug it in to light up your outdoor tables!

You can buy the Eiva Snake Pastel complete with a Led Globo G125 bulb, or you can be creative and choose the bulb from our catalogue!

WARNING: The EIVA lamp holder is designed for glass LED light bulbs only and has been tested as compatible with the

A60, ST64, G95 and G125 bulb shapes that guarantee rating of IP65 protection.
The compatibility range is being extended and is currently being tested.

Each Creative-Cables lamp is designed, and assembled in Italy and is tested and CE certified by independent laboratories according to the strictest regulations in force: one more reason for choosing Creative-Cables quality.
