Fermaluce Elle wooden Lamp with Bumped lightbulb Finish: Neutral - Rust

Description

Who dented the lightbulb? No need to search for the culprit in your home: it was us! If you're looking for something unique and out of the ordinary, we matched our made in italy beechwood Fermaluce with an ornamental lamp different from any other.

With different finishes based on the environments in which the lamp will be placed (golden if you're feeling chic, smoky if you prefer an industrial look) this lightbulb with a spiral filament will rule the room.

At to bring everything to its full potential, the Fermaluce wooden lamp, with L chromed or rust-coloured extension. We are so convinced you will love it that we are denting more lightbulbs as we speak...
